A Monthly Bulletin for

**Mission College EOPS/CARE Students
Presented by: Rene Mesa**

**Fall, Semester
October, 2011**

Mission College - Extended Opportunity Program and Services (408) 855 – 5055

For all of you that are new to EOPS we would like to welcome you to the fall semester 2011. For those of you returning from last spring, greetings once again and welcome back.

As we finish the 8th week of school, all of you should be settled into your new routines, and new class schedules. You should have all of your books by now, and your first financial aid disbursement. In addition you should have completed your first and

second counseling appointments or at least have your second appointment scheduled. Remember that *you will not receive your \$250 EOPS grant until you meet with an EOPS counselor.* The same thing goes for CARE students. You want to make sure you complete your first counseling appointment in order to receive both your EOPS and CARE grants.

Tutoring

For those of you needing a tutor please drop by the EOPS office and ask to see Rene Mesa, EOPS/CARE Specialist for details on how to get tutoring.

Drop-In Hours for Counseling

Monday, 1-2:20pm & 4:30-5:20pm

Tuesday, 10:30-11:20am & 1-1:50pm

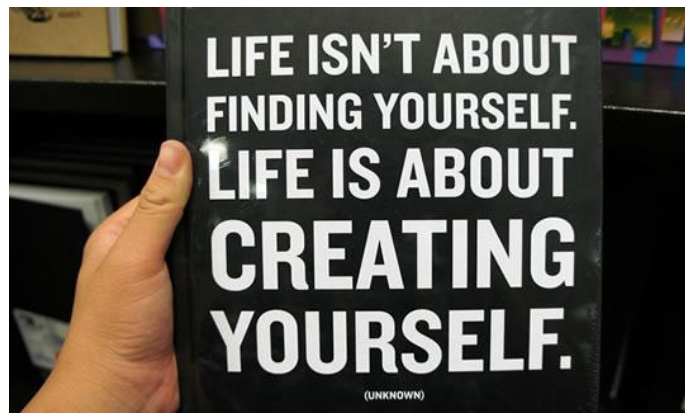

Wednesday, 1-1:50pm, 2:30-3:20pm & 4:30-5:20p

Thursday, 10:30-11:20am, 1-2:20pm & 4:30-5:20pm

Moving On A message from Deborah

After 20 years of service as the Extended Opportunity Program & Services (EOPS) Director at Mission College, I am retiring and moving on to the next chapter of my life. I have seen many students come through our doors and go on to graduate and secure gainful employment, or transfer to a university for further study. My work has been enjoyable, and the rewards of witnessing student successes have always been plenty. I wish you well as you continue on your journey toward attaining your educational goal. Have faith, stay focused, and be confident that you can achieve practically anything you set out to do. Thank you immensely for letting me be of service to you. All that's good, Dr. Deborah LeFalle

Paid Internship Opportunity at NASA for Community College Students --All Majors Welcome

A career-building internship opportunity is now available for community college students through the NASA Ames program--Ames Community College Education and Development Program (ACCEDP).

* NASA Ames offers paid year-long internships for part-time community college students in a variety of subjects.

* ACCEDP endeavors to build and maintain partnerships with community colleges throughout the SF Bay Area Community Colleges, creating opportunities for a more diverse pool of students and future professionals.

* ACCEDP is accepting applications NOW for Spring Semester placements!

Students can get more information and/or apply at <http://accedp.usra.edu> Positions open for immediate placement can be viewed at:
