

**Questions for any campus representative (faculty, staff or student)**

What activities/services are available to help transfer students get settled during their first year (academically & socially) ?

(If not already discussed...)

What kind of academic advising do transfer students receive?

What are the majors considered strongest/most prestigious/most competitive at this campus, and why?

What are the most active student organizations on this campus?

What computer facilities are available on campus for student use?

Can you describe the campus housing options available for transfer students?

How many students typically in upper division courses?

For upper division students, who generally teaches their courses... professors?  
teaching assistants? part-time lecturers?

How does this university facilitate students obtaining off-campus internships in their chosen career field? Are there opportunities on campus for students to gain work experience related to their majors?

What recreational activities are available to students?

**Questions specifically for student representatives**

What do you like best about this university?  
...What else do you like about this university?

What do you like least about this university?  
... (If there were something you could change about this university, what would it be?)

If you had to start all over again as a student here, what is something you would decide to do differently than the first time?
